Please note! The BCC LEC will make every effort to accommodate all students; We cannot guarantee an onsite tutor for every subject or all scheduling needs. However, we can assist all student's needs via online tutoring with Upswing. The LEC does not guarantee an A on assignments. LEC is not a substitute for class, and students will not be allowed tutoring during their regular class times.		A staff member has met with me and discussed the reasons why I have been referred for tutoring. I have read The LEC's policies regarding tutoring and I will comply with them.
